QUALITY WORLD COINS

CLOSING DATE JUNE 22, 1982

R. H. PONTERIO #308
C. E. WYATT #324

TERMS OF SALE

1. A 5% buyers charge on each individual lot will be added to all purchases made by all bidders. This charge will be based on the amount of the final bid. The above charges will be added to all invoices.
2. This is a mail bid sale and each lot will be awarded to the high bidder. In case of tie bids, the lot will be awarded to the first bid received.
3. All bids are per lot as numbered in this catalog. No lots will be broken.
4. We reserve the right to withdraw any lot prior to the sale.
5. We reserve the right to reject any bid that we believe has not been made in good faith.
6. The high bid will be reduced to a figure that is 10% above the second high bid for that lot. For example, if you are the high bidder for a lot at \$1,000 and the second high bid is \$700, you would pay only \$770 (plus 5% buyers charge). (10% of \$700 = 70; \$70 + \$700 = \$770).
7. Bids are to be made in U.S. dollars only. Payment must be in U.S. dollars on a U.S. bank.
8. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Title to all lots remains with Ponterio & Wyatt Coin Galleries of San Diego, Inc., until paid in full.
9. Please note: Auction sales are not approval sales. You must assume the responsibility for paying for all material that is awarded to you.
10. Minors are expressly forbidden to bid in this sale.
11. Any account not paid within the prescribed terms as outlined above will be billed an additional 1½% per month (18% per year).
12. All lots are guaranteed genuine and as listed.
13. Requests to return lots for reasons other than authenticity must be made in writing within 3 days of receipt of the lot. The returned lot must be intact and in its original unopened holder. Late remittance for purchases, however, is cause to negate this privilege.
14. Bidders not known to us must furnish satisfactory credit references (sufficiently in advance of the sale to allow for checking) or a deposit equal to 25% of the bids submitted. This will, of course, be applied to purchases. Any overage will be promptly refunded.
15. All successful bidders shall be billed for actual postage and insurance. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional ½ of 1% for insurance. Please send shipping instructions. Normally all lots will be sent via registered mail.
16. 6% state sales tax will be added to all lots delivered in the state of California unless we are provided with a current signed resale certificate.
17. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloguer, the current market value of the lot. Lots may, of course, sell for below or above this estimate. Bids submitted at less than 70% of the estimate will be rejected.
18. We assume responsibility for any errors in printing or cataloguing. Any error on the part of the cataloguer will be promptly and cheerfully corrected. Please bid carefully as we **cannot** be responsible for the errors of others. **PLEASE CHECK YOUR BID SHEET CAREFULLY.**
19. All bid sheets must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company. The placing of any bid in this auction shall constitute full acceptance of the foregoing terms of sale.
20. Please remember that the mails are sometimes very slow. Please mail your bid sheet early to be sure of our receiving your bids prior to the close of the sale.
21. We offer the service of limiting the total purchase of bidders. This service is available only to those bidders who wish to limit purchases to \$500 or more. To limit purchases, simply fill in the proper areas on the mail bid sheet. Bids may then be submitted for amounts up to **three** times the amount of your limit total figure. You may also select to bid on two similar lots with instructions to buy only one of them. For instance, if lot 102 and 103 were similar and you wanted only one of them, bid on both with a notation to buy only one. We will then attempt to buy for you **one** of the two for the lowest price.

Expert Cataloguing. Richard H. Ponterio and Charles E. Wyatt have years of experience as cataloguers and researchers of world coins and both are contributors to many books which have become the standard references in the numismatic world.

Library. Our World Coin Numismatic Library is one of the most complete in this country, which allows us to accurately catalogue and describe virtually any world coin.

Attractive Catalogue. Your lots will receive the full conscientious research and write-up which they deserve. In addition, most lots are photographed. All our sales are extensively advertised in addition to our worldwide mailing list of over 2,000 active buyers.

We have **not** just jumped on the world coins bandwagon. Our firm has always dealt exclusively in world coins. With more than 20 years combined professional experience, we **know** the world market.

Your coins will be in good company. We do not deal in, nor do we solicit consignments of bulk lots or junk coinage. Each lot is selected to add lustre to the catalogue and your coins will be listed alongside many worthwhile rare numismatic items.

Competitive commission rates. Our rates are among the lowest you will find anywhere.

Insured protection for your lots. From the time we receive your consignment until you are paid, your coins are fully insured.
